Criterios de evaluación

The evaluation of this subject will be based on a continuous process, based on the following criteria:

Individual evaluation:

Active participation in class.
Final exam.

Evaluation by working groups:

Written essays and presentations.

Students commit themselves to maintaining an attendance of 80% to the theoretical and practical classes, being compulsory attendance on the day of the presentations of their projects. Likewise, they must submit projects and essays in the terms and due form, according to the indications that will be made through the Virtual Campus.

Students that not fulfill the requirements of the continuous process of evaluation have the option of a final exam. This final exam is composed by two different parts, first a test exam as explained above for all students, and second a practical exercise including a brief case study.
